HISTORY COLORADO

Neighborhood Memory Project

History Colorado along with the residents of Globeville-Elyria-Swansea co-created a "Neighborhood Memory Project" where thirty residents came together through one-on-one conversations and group memory nights. The hope of this work is to listen to and share the stories of neighborhood members. The oral histories and photos connected with the project will be available online. This work is a beginning conversation and History Colorado is committed to continuing this work in alongside partners so that it may reach its fullest potential. See posted videos at <https://www.historycolorado.org/globeville-elyria-swansea> . More videos from this project coming soon!

MUSEUM OF NATURE AND SCIENCE

Museum will be closed on Dec. 25.

TEMPORARY EXHIBITIONS

MINDBENDER MANSION Open through Jan. 6 • dmns.org/mindbender • free with admission

Enter "Mindbender Mansion," a quirky experience full of puzzles, brainteasers, and interactive challenges that put minds of all ages to the test. Gather hidden clues to reveal secret passwords scattered throughout thematic rooms as you identify patterns, think ahead, use logical reasoning, and look at problems from different perspectives. Grab your family, friends, or school and youth group and enjoy some time putting your heads together in "Mindbender Mansion"!

¡CUBA! Open through Jan. 20 • dmns.org/cuba • free with admission

Discover the dynamic culture and abundant biodiversity of the Caribbean's largest island nation in "¡CUBA!." This lively experience for all ages — presented in English and Spanish — inspires new perspectives and immerses Museum guests in the people, landscapes, unique species, and daily life of this intriguing country. The main feature of the exhibition is a "plaza" evoking city life, lined with displays and activities. There are also beautiful re-creations of the island's habitats, with lifelike models representing its distinctive wildlife, both modern and extinct. Enhance your experience with a showing of the IMAX film "Cuba 2D" (separate ticket required).
