

NORTH DENVER CORNERSTONE COLLABORATIVE – JANUARY 2019 UPDATE TO NWC CAC

Project/Program	Description	Updates
47th and York Bike Pedestrian Bridge	Construction of a bike and pedestrian bridge over the Union Pacific Rail Road at the intersection of 47th Avenue & York Street.	<ul style="list-style-type: none"> • The project team continues to work towards start of construction in March 2019 • Xcel Energy is working on Gaylord Street to prepare the site for the gas regulator currently located on the corner of 47th and Claude.
Central 70 Project	Reconstruction of a 10-mile stretch of I-70 between Brighton Boulevard and Chambers Road.	<ul style="list-style-type: none"> • Public Works and NDCC continue to coordinate construction work and impact with the CDOT team. • February 3 from 6am-9pm, the UPRR crossing at 47th and York will be closed. CDOT and Denver are working on communicating this to the community • The home mitigation program for the properties closest to the Central 70 construction site is wrapping up. The Denver and CDOT teams will be presenting to City Council SAFETY Committee on Feb. 6.
NAVIGATE – North Denver	NAVIGATE – North Denver is the city’s new mapping tool that provides the public with available information about current construction activities, road closures, and available routes for commercial and personal vehicles to and through GES, Five Points, and Cole.	<ul style="list-style-type: none"> • The new mapping tool, launched on Sept. 2018, is updated as new information from area operations is received. • The NAVIGATE map has over 9,000 views • The project team continues to work on development of the full tool with a tentative release late fall 2019
River North Park	Creating a community with a focus on the South Platte River is a unique opportunity in northern Denver. The concept design for the River North Park is an opportunity to showcase this unique part of Denver and create a recreational focal point for this area.	<ul style="list-style-type: none"> • The Request for Proposals for construction of the park is out for bid. • Expected start of construction is May 2019
St. Charles Recreation Center	St. Charles Recreation Center and INDUSTRY RiNo Station share a vision to integrate the spaces between the two properties, envisioning an “Open Campus” to share among neighbors.	<ul style="list-style-type: none"> • Demolition of existing playground and relocation of parking lot has expected Notice To Proceed (NTP) for mid-February with completion by end of April. • NTP for park construction is expected in May with completion end of summer. • St. Charles Youth Ambassadors will provide presentation of final design to Denver Parks & Rec and Councilman Brooks on Feb. 27.
North Denver Women Who Lead Program	The North Denver Women Who Lead Program is NDCC’s first women empowerment and leadership program. This 12-week series focuses on providing women with opportunities and knowledge to build leadership and job skills.	<ul style="list-style-type: none"> • The program has received good number of applicants that are currently going through interviews and/or onboarding. • The program kicks off on Feb. 1 and ends on April 19. • The program is still looking for female mentors that will be paired with participants.
