

NWC Public Art Goals

- Create a **series of public art pieces throughout the campus** that can contribute to the following items:
- Connect to the overall campus theme, tying directly to the overall campus programming
- Create a continuum between the legacy of the site and innovation
- Connection of the new campus to the culture of the place and surrounding neighborhoods
- Opportunity to tie the site together and tell the story of the place
- Opportunity to use art and existing historic features (water Tower, sheep bridge, etc.) to lead people through the site
- Focus public art pieces in the site landscape and building exteriors and not in the facilities so it can be enjoyed year-round by the public
