

NORTH DENVER CORNERSTONE COLLABORATIVE – JUNE 2018 UPDATE TO NWC CAC

Project/Program	Description	Upcoming Activities
Brighton Boulevard Segment 1: 29th-40th Streets	<p>Reconstruction of the Brighton Boulevard corridor.</p> <p>Segment 1: 29th – 40th Streets - Start: Oct. 2016 – Open for operations: June 21, 2018</p> <p>Segment 2: 40th – 44th Streets - Start: Feb. 2017 – Completion: June 2019</p> <p>Segment 3: 44th – 47th Streets - Dates to be determined as Central 70 Projects finalizes its schedule.</p> <p>Segment 4: 47th Street- Race Court - Start: Feb. 2018 – Completion: late spring 2019</p> <p>More information: www.denvergov.org/content/denvergov/en/denver-department-of-public-works/projects/current/brighton-boulevard-corridor.html</p>	<ul style="list-style-type: none"> • June 21: The City and County of Denver and community partners celebrated the opening of the Brighton Boulevard Reconstruction Project – Phase 1 (29th to 40th Streets). The event was well attended and followed by a community party along the corridor. • The project team will continue work to finalize planters, cycle track and sidewalks. This work will take approximately three months; it will include intermittent lane closures but no complete street closures. • Work will continue on the Segment 2 portion (40th – 44th Streets) on roadway construction (paving, curb & gutter, sidewalks, streetside stormwater planters, cycle tracks, lighting and irrigation)
Central 70 Reconstruction	<p>Reconstruction of a 10-mile stretch of I-70 between Brighton Boulevard and Chambers Road.</p> <p>More information: https://www.codot.gov/projects/i70east/projects/i70east/projects/i70east/traffic-impacts</p>	<ul style="list-style-type: none"> • CDOT continues preliminary work with geotechnical boring along the corridor; as well as survey work and soil testing in the Elyria Swansea area. • Light lane restrictions. • Mid-summer 2018: target timeframe for closure of 46th Ave. between Brighton Blvd. and York St. Final dates will be announced as soon as scheduled is finalized.
Central 70 Home Mitigations – Adelante Program	<p>The CDOT Central 70 Project and the City of Denver have partnered to provide home improvements to those living closest to the I-70 viaduct- (up to 283 homes). The purpose of the Adelante Program is to reduce the impact of noise and dust during construction by providing improvements that help insulate homes.</p> <p>The Program includes a package of improvements offered by CDOT (e.g. attic insulation, interior storm windows) and a separately funded list of items (e.g. new window and doors) provided by the City of Denver. Together, a total of nearly 1,200 improvements are being offered to participating homes.</p>	<ul style="list-style-type: none"> • 245 home assessments completed – 100% of homes that agreed to participate in the program • 96% of CDOT work completed or in progress • 61% of Denver work completed or in progress • Energy Outreach Colorado (EOC), the primary contractor for the program, is moving forward to have the CDOT improvements completed before the start of active construction on Central 70 • City and County of Denver improvements will be completed by end of 2018
