- CSU is planning an MOU signing with Bruce Randolph School outlining all of the efforts between the two entities – tentatively scheduled for April 26.
- CSU will support/attend:
 - March 23: GrowHaus Seed Swap
 - May 4: Swansea end-of-year celebration
 - May 10: Clinica Tepeyac Tortillas for Tepeyac
 - July 19-21: Denver County Fair
 - July 20: Orthodox Food Festival & Old Globeville Days

Design Update:

- Continue to work with our three architect teams on our facilities. Will come to CAC with details and opportunities to weigh in soon.

HISTORY COLORADO

Saturday, April 13

10am - 3pm

The Denver Architecture Foundation is proud to present BOX CITY 2019 in partnership with History Colorado

- Box City is an event for children—grades K-5—where participants learn about the process of urban development and the principles that make for sound architecture, design and planning. Students start with a Building Permit for their desired building type, make a draft sketch of their building in the Design Studio, stop at the Hardware Store to get their cardboard and paper supplies, and then head to the Construction Zone to make their Box City structure. "Historic Buildings" can be designated as a Landmark. After completing the Building Inspection process, students head to the Box City street grid where an Urban Planner helps them select an appropriate building site. Finally, children finish the process by picking up their Certificate of Occupancy that includes a photo of them with their building.
- Children must register in advance as space is limited and fills up quickly.
